VELPI PHARMA LOGISTICS
1st Entrance of the Olympic Shooting center, Markopoulo
19003, Greece

Velpi Pharma Logistics is a logistics company focused on pharmaceutical / medical devices warehousing and distribution of related products. Years of expertise combined with innovative spirit have made it a customer driven competitive company with loyal customers in the field of pharmaceuticals, medical devices, cosmetics and food supplements for Medicinal use.

Principal purpose is to provide its customers complete qualitative supply chain services undertaking the international transport of goods, storage, management, full packaging and finally, distribution to the final recipients.

Location Advantage

Velpi Pharma Logistics' premises are in a privileged location with an easy access to the Athens' International Airport, as well as the port and custom office of Lavrio. In addition, the distance among our premises and the port of Piraeus is eliminated through Attiki Odos.
